A World of Kindness Activity Book

Proudly Brought to you by: Violence Prevention NL

ABOUT US:

There are 10 regional committees across the Province funded by the Provincial Government's Violence Prevention Initiative. We are an alliance of community and government agencies dedicated to ending violence in our homes and communities.

As an equality-seeking organization whose mandate is to address violence at its roots, we educate and advocate, increase awareness around the issues of violence, and lobby for enhanced services in the prevention and early intervention of violence.

This activity book was created from the office of Violence Prevention East for children and their families with a message of understanding that each individual is unique and recognizing our own individual differences.
